Dear Harold and Lillian,

Thank you so much for your kind hospitality last week when we visited you. It was a great experience. Harold, I have always said I would rather meet you than the President, and I have not changed my mind.

Please accept this gift as a small token of appreciation for the time that you spent with us, and for all of the valuable work you do in trying to expose the American public to the many contradictions and falsehoods associated with the assassination.

We hope to have a chance to visit with you if ever we are in your area again.
The best to both of you.

THE VERY BEST TO YOU BOTH!
George & Peg Wagoner
